Fathers Matter Too

When building a house, one of the first and most important processes that must occur is building a strong foundation for the home. The foundation needs to be stable or else the house cannot be constructed to reach its full potential. The foundation for life’s journey is established in a child’s early years. A child learns to walk, talk, play, share, eat, listen and love at HOME❤️

It has been said that the most important work that parents will ever do will be within the walls of their own homes. We hope that dads (and grandfathers too) will join us 1 hour a week for eight weeks, to learn what is critical to a child’s well-being and provide the child with the most important gift of all – a wonderful beginning.

Space is limited and will be offered at the Sacred Beginnings building from 11am to Noon. Sessions will begin May 5, 2017 and every Friday thereafter. The sessions will end June 16, 2017.

Please call or text 701-230-9244 to register.
Deadline to register is May 1st.

Parenting series offered in collaboration between the following programs:

Prevent Child Abuse North Dakota  Sacred Beginnings  North Dakota Parent Education Network
